Developer:

- Computer Science student, with a passion for all things Web. Able to build a Web presence from the ground up - from concept, navigation, layout and programming.
- Goal to be a full stack developer, currently has greater skills in front-end
- Fast learner, hard worker and team player who is capable in an array of scripting languages

Technical Skills:

Primary: HTML, CSS, Java and JavaScript

Secondary: NodeJS, SwaggerUI, NPM, AngularJS 2, Adobe CC Suite, JQuery and REST

Education:

University of Auckland

BSc, Computer Science/ BCom, Marketing, *in progress*

A few courses:

- | | |
|----------------------------------|------------------------------|
| • Algorithms and Data Structures | • Consumer Behaviour |
| • Software Development | • Marketing Management |
| • Software Correctness | • Market Research |
| • Computer Systems | • Advertising and Promotions |

Experience:

Atlassian | Sydney, Australia

Nov 2017 - Feb 2018 (Summer Internship)

Interned at leading Australian start-up, Atlassian, furthering my understanding of the industry, gaining extensive knowledge of how large scale software companies operate and how to successfully push new releases of large scale products.

- Worked in a small subteam of a larger team for Atlassian's Confluence Server team, working on front-end changes with several releases occurring during my time there.
- Being in an environment with over 3,000 software engineers, the knowledge gained from my peers was tremendous
- Working within a company which specialises in selling products which better other companies efficiency, my understanding of best practice was heightened.

HealthLink | Auckland, New Zealand

Nov 2016 - Feb 2017 (Summer Internship)

Interned at Software Company, Healthlink over the Summer, gaining an abundance of knowledge and experience working in the tech industry

- Worked in a team, to design and create a front-facing API and backend database
- Experienced an Agile environment and learned about its benefits and how to "be" agile

Victoria University of Wellington | Wellington, New Zealand

Jul 2016 - Nov 2016

Studied at Victoria University for the first two years of study, and became a tutor for Information Systems. Developed excellent communication skills and time management skills
